D. C. Edwards, of the Eleventh District, has resigned as member of the Republican State Campaign Committee because he is a candidate for the seat of the late Congressman Vincent Boreing. Edwards will be succeeded by J. C. Wood, of Mt. Sterling.

The Salve That Heals

Without leaving a scar is DeWitt's. The name Witch Hazel is applied to many salves, but DeWitt's Witch Hazel Salve is the only Witch Hazel Salve made that contains the pure unadulterated witch hazel. If any other Witch Hazel Salve is offered you it is a counterfeit. E. C. DeWitt invented Witch Hazel Salve and DeWitt's Witch Hazel Salve is the best salve in the world for cuts, burns, bruises, tetters, or blind, bleeding, itching and protruding piles. Sold by all druggists.

Irving Tolloy and Luke Ray, charged with the murder of Deputy United States Marshal Harry Sheppard, in Cave City, about a month ago, have been arrested by Secret Service officials in Nashville, Tenn. The United States authorities refuse to give them up until after trial in Nashville on charges of counterfeiting.

Saves Two From Death.

"Our little daughter had an almost fatal attack of whooping cough and bronchitis", writes Mrs. W. K. Haviland, of Armonk, N. Y., "but, when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had consumption in an advanced stage, also used this wonderful medicine and to-day she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for coughs and colds. 50c and \$1.00 bottles guaranteed by all druggists. Trial bottles free.

In the Circuit Court at Campton Sunday morning Claude Day was acquitted of the charge of killing Felix Bullock in Breathitt county in December, 1901. There had been two trials in Breathitt county, each resulting in a mistrial, when the venue was changed to Wolfe county the home of the widow of Felix Bullock.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

HAZEL GREEN, KY.

THURSDAY, : Oct. 1, : 1903.

Our Candidate for President,

WM. RANDOLPH HEARST,
OF NEW YORK.

NEVER before did we feel any personal interest in a presidential candidate, however warm we may have been politically. But in espousing the cause of William Randolph Hearst, whom we hope to see the Democratic nominee, we feel that we can not do a tithe of what we desire to do. We should like to control the columns of every newspaper in the land, and direct them to advocate his nomination and election; had we similar power with every Democratic committee in the country their whole work should be to that purpose. Aye, had we the cash in the coffers of the capital it should be expended in the employment of men to go into every hamlet where there is human habitation and exploit Mr. Hearst's humanitarianism, his love for his fellow-man, and thus win them to him. When we read his speeches delivered in the halls of congress or peruse his editorials in the New York American we are drawn to the man by an irresistible power that we can in no wise comprehend. His efforts in behalf of his fellow-man—and always that fellow-man who can not help himself—thrills us like a pleasant shock from an electric battery, and our admiration is so great that we wish it were in our power to give him the nomination, for all that he has ever said or written, and in every act he shows beyond question that he is the hero of the hour; the man of moment. Seldom indeed has any man appeared upon the stage of public life but that somewhere, and at sometime, he has shown a selfish streak. But no man can say it of William Randolph Hearst. All that he has ever done or said has been for the betterment of mankind without a selfish motive or the money he might make. He is a man, in short, in whom there is no guile, and should he be nominated and elected president, which we hope to see, he will do more for the masses than any president has yet done. And so mote it be.

DEMOCRATS, have you organized in your precinct? Have you had any talk with those brothers who strayed away to Brown, and if so, will they be in line? These are queries which every Democrat will

do well to ask himself just now. Gum-shoe Hunter is advising the Republicans to "Appear to don't care, but do your work effectively all the same," and if the Democrats don't keep a sharp lookout they will be trying to steal votes from Riddell and Roberts, even if they don't from Beckham. Get all the Democrats to practice the slogan,—

"Riddell and Roberts, and Pieratt, too;

With Beckham to help put them through."

Teach the children to sing it, too, and the women—God bless 'em—will join in the glad refrain.

THROUGH the courtesy of ex-Senator W. O. Mize, who is treasurer of the Hazel Green Oil and Gas Co., and one of the incorporators, the editor of THE HERALD on Monday visited the gas well on Lee Caskey's farm, three miles from town. This well was brought in six weeks ago last Tuesday, since which time thousands of dollars worth of gas have gone to waste. At the well stands a pipe of four-inch diameter, through which the gas has escaped all this time, notwithstanding a governor valve that cuts off some of the flow, and roars so that it is heard a mile away. About 600 feet from the well, connected to the pipe that feeds the furnace with fuel and keeps 100 pounds of steam all the time, is a blaze of fire the size of a bushel basket, and three other lights between this point and the boiler burn day and night. The pressure is unknown as they dare not confine it lest it blow out the casing and kill everybody about, but that it is strong enough to run into Mt. Sterling and sufficient to furnish that city with light and fuel for ages is evident, when the fact that with all the waste and consumption it does not diminish is considered. The company now contemplates running it into Hazel Green through a two-inch pipe, and should Well No. 2 develop gas and in equal volume, there can be no question but they can supply the city of Lexington with light and fuel, and will do so. This well alone is worth as much, or more, than a 50-barrel oil well when they complete to Hazel Green, even, for then their expense ceases and the revenue, like Tennyson's brook, runs on forever. Then, should Well No. 2 prove the same the promoters are plainly plutocrats. We had heard so much about this gas flow that in imagination we pictured it a big thing, but for once imagination failed us, as we did not dream of anything so gigantic as the present evidences or so gloriously grand as the future promises. Shares of stock now selling at 25 cents on the dollar will go to par in a very short time, and should Well No. 2 develop as hoped \$10 shares will soon command \$20. Now, bear in mind, we don't say this to sell the stock, as we are not financially interested and too poor to invest in stock. But knowing the beauty of gas for both light and fuel and the supply this company already has, with its prospects, &c., we should not be surprised to see it a second Standard Oil affair, and of all the stockholders Lee Caskey is in the best position to enjoy his good fortune. The well is near his house, and he has ordered the fixtures to light and heat it with the natural gas. Floyd Day, the wealthy lumberman of Winchester, has offered the company \$5,000 a year if they will pipe the gas into his mill for fuel at Clay City.

Well Organized.

The Democratic party, of Breathitt county, are thoroughly organized for the campaign, with handsome and commodious headquarters at the offices of T. T. Hiner, in the Crawford Building, this city. Mr. Hiner is Secretary of the organization, and a more earnest, energetic and efficient worker for the party would be hard to find. The other members are equally capable, and no duty or labor on their part, necessary for a victory in November, will be left undone.—Jackson Hustler.

Eczema

How it roddens the skin, itches, oozes, dries and scales! Some people call it tetter, milk crust or salt rheum. The suffering from it is sometimes intense; local applications are resorted to—they mitigate, but cannot cure. It proceeds from humors inherited or acquired and persists until these have been removed.

Hood's Sarsaparilla positively removes them, has radically and permanently cured the worst cases, and is without an equal for all cutaneous eruptions.

Murder in Menifee.

Keene Brown shot and killed Ira Miles in the Trimble Bend, in Menifee county Tuesday morning at 10 o'clock. The particulars, as we gather them from a telephone message from McCausey, are that Miles met Brown in Trimble Bend and told him he had a warrant for his arrest, whereupon Brown told him he had better go on and let him alone. Miles, for some cause did turn to go away, and Brown aimed his shot gun at the retreating man and shot him in the back, killing him instantly. Brown then beat a retreat, heading toward this county to make his escape. Frank Stamper, our efficient sheriff, was telephoned to keep a sharp lookout for him, and ere this may have arrested him.

Mrs. N. N. Day wishes to say to her friends and customers that she will start to Cincinnati next week, and hopes to be ready by the 10th inst. to supply them with the latest in fall and winter cloaks, jackets, ready made skirts, waist goods, fascinator, shallies, Shetland floss. In fact most anything that goes to make up a ladies' outfit for winter. Her friends should appreciate her efforts to keep in touch with what they need and want for style and beauty. Call and examine her stock before you spend your money elsewhere.

Eliza Bolin, confined in jail at Jackson for the killing of Boyd Griffith in Breathitt county a few days ago, committed suicide Monday afternoon by taking one-eighth of an ounce of morphine. He took the drug at 2 o'clock and died at 4:30. Judge Hargis, before whom he had his examining trial that morning, held him without bail.

Prof. Cord returned Saturday from the Kentucky Centennial Meeting of the Christian church at Paris. He reports a very delightful week at the greatest convention ever held by the Disciples of Christ in Kentucky.

8 Cents

Eight cents a pound is what a young woman paid for twelve pounds of flesh.

She was thin and weak and paid one dollar for a bottle of Scott's Emulsion, and by taking regular doses had gained twelve pounds in weight before the bottle was finished.

Eight cents a pound is cheap for such valuable material. Some pay more, some less, some get nothing for their money. You get your money's worth when you buy Scott's Emulsion.

We will send you a little free.

Menifee county authorities have offered \$50 reward for the arrest of Keene Brown, who murdered Ira Miles on Monday morning, and give the following description of the fugitive: Brown is 22 years of age; 5 feet 8 inches high; weighs 150 pounds; light complexioned, has light hair, which slightly curls, and is sparsely made. Strictly this should be an advertisement, but in the hope that some of our citizens may be able through it to recognize the criminal, arrest him and bring him to quick trial and speedy punishment, we give it place.

A Perfect Painless Pill.

Is the one that will cleanse the system, set the liver to action, remove the bile, clear the complexion, cure headache and leave a good taste in the mouth. The famous little pills for doing such work pleasantly and effectually are DeWitt's Little Early Risers. Bob Moore, of Lafayette, Ind., says: "All other pills I have used gripe and sicken, while DeWitt's Little Early Risers are simply perfect." Sold by all druggists.

"Mr. Cooper, if all of my boys could vote at the November election Mr. Beckham would be snowed under; another was introduced by Dr. Nickell yesterday." This was the greeting of Nelse Nickell Monday morning, and by inquiry we learned that the last arrival raised the aggregate to nine boys. But fortunately for the Democratic party none of the nine can vote, as Mr. Nickell is a Republican, and the boys will doubtless do as papa does.

Buy This Pretty Home.

Any one wishing to buy a modern 8-room residence with three acres of ground, on which are 30 bearing apple trees of finest fruit, a never failing well of fine water, the best garden spot in the mountains, &c., eligibly located in Hazel Green, can secure A GREAT BIG BARGAIN by calling upon or addressing SPENCER COOPER, Hazel Green, Ky.

The ladies of the "West End" had a quilting bee at Mrs. Dr. A. C. Nickell's Tuesday. Contrary to the usual outcome of such social gatherings, something besides tea-drinking and discussing politics (?) was indulged in. Mrs. Nickell has a lovely quilt as a result of the gathering. Those present were: Mesdames Roe Nickell, J. H. Rose, Mitch Campbell, Berry James, J. T. Whaley and Miss Clarke Long.

Rev. D. B. Center requests THE HERALD to say to its many readers that he is a candidate for the office of assessor and wants all the Democrats to vote for him. Mr. Center is a good Democrat, always supports the nominees, both by his work and his vote, and would now like to have the party support him for assessor.

Gov. Beckham has set November 10 as the day for electing a congressman from the Eleventh district to succeed Vincent Boring.

State College of Kentucky.

THE AGRICULTURAL AND MECHANICAL (State College) College of Kentucky offers the following courses of study, viz: Agricultural, Horticultural, Chemical, Biological, Mathematical, Physical, Normal School, Classical, Mechanical Engineering, Electrical Engineering, Civil Engineering, each of which extends over four years and leads to a degree. Post Graduate studies are also provided, leading each to a Master's degree. Each course of study is organized under a separate faculty. The general faculty numbers more than 50 professors and instructors.

COUNTY APPOINTEES receive tuition, room rent in dormitories, fuel and lights, and if they remain 10 months, traveling expenses.

The laboratories and museums are large, well equipped, comprehensive and modern.

The Legislature appropriated \$60,000 for a College home for young women and \$30,000 for drill hall and gymnasium for men. The latter is completed and in use, the former will be ready for occupancy in October.

Military tactics and Science are fully provided for as required by Congress.

Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the College to supply. Last year the matriculation list was 604.

Summer Schools are provided for Pedagogy, Engineering and Instruction in Science.

Specialists with the necessary number of assistants have charge of each department of Natural Science.

The State College of Kentucky, though bearing hitherto the title of COLLEGE, is the only institution in the Commonwealth doing, in any proper sense, University work.

The completion of the College Home for young women will provide facilities for good board and lodging. It is equipped with all modern conveniences including bath rooms and room for physical culture. It will be heated by steam and lighted by electricity.

An opportunity is afforded to them of a thorough education in Classics, Modern Languages, Literature, Science, Mathematics, Logic, Metaphysics, History and Political Economy. No other Institution in the State offers advantages for the education of women at all comparable to those offered by the State College of Kentucky.

Mrs. Laura S. Webb, Vice-President Woman's Democratic Club of Northern Ohio.

"I dreaded the change of life which was fast approaching. I noticed Wine of Cardui, and decided to try a bottle. I experienced some relief the first month, so I kept on taking it for three months and now I menstruate with no pain and I shall take it off and on now until I have passed the climax."

Female weakness, disordered menses, falling of the womb and ovarian troubles do not wear off. They follow a woman to the change of life. Do not wait but take Wine of Cardui now and avoid the trouble. Wine of Cardui never fails to benefit a suffering woman of any age. Wine of Cardui relieved Mrs. Webb when she was in danger. When you come to the change of life Mrs. Webb's letter will mean more to you than it does now. But you may now avoid the suffering she endured. Druggists sell \$1 bottles of Wine of Cardui.

Last Friday morning James H. Dunn's school house caught fire by some small boys putting a fire in the stove before school time. It would have burned but C. F. Taulbee, Sebron Allen and Andy Wilson got there in time to save it, with the loss of four rafters and a good many boards.

I had dyspepsia in its worst form and felt miserable most all the time. Did not enjoy eating until after I used Kodol Dyspepsia Cure which has completely cured me. Mrs. W. W. Saylor, Hilliard, Pa. The dry weather is distressing and there seems no present prospect of change unless the usual equinoctial storms come soon. Water is scarcer than it has been for years, not only in the city, but also in the county. Springs and wells that are designated as having never failed, are dry or nearly so. Ponds are low and most cisterns lower. The water in the river has reached the lowest point in its history. Gardens are things of the past and fall seeding is at a standstill until it rains. The dry weather has completely destroyed the market so far as the purchase of cattle by the farmers is concerned, and a feeling of gloom pervades the agricultural ranks.—Jackson Hustler.

Substitutes for Panama Hats. Panama straw hats are highly fashionable in Japan, though on account of the price, which is much higher than that of the ordinary straw hats, they are bought only by the rich or the fashionable. This obstacle may be removed if, as reported in an Osaka paper, the substitutes for the Panama straw found in middle Formosa are really adapted for the purpose. The substitutes are said to be the fibers of the leaves of a certain tropical tree of very rapid growth. Six fibers can be obtained from each leaf, which is about four inches wide and four feet long, and it is said that the cost of 10,000 fibers is about six yen. A certain foreign firm of Yokohama is said to have already given a large order for the fibers, and the Panama hats made with this new material may therefore appear on the market this summer. If the new fibers are really suited for headgear Formosa may be said to have hit upon a new resource.—Japan Weekly Times.

Confessions of a Priest.

Rev. Jno. S. Cox, of Wake, Ark., writes, "For 12 years I suffered from yellow jaundice I consulted a number of physicians and tried all sorts of medicines, but got no relief. Then I began the use of Electric Bitters and feel that I am now cured of a disease that had me in its grasp for twelve years". If you want a reliable medicine for liver and kidney trouble, stomach disorder or general debility, get Electric Bitters. It's guaranteed by all Druggists Only 50c.

Monitors of '01.

Curious pan-cake-looking vessels were the ironclads that bombarded Charleston in the late unpleasantness. That bombardment was regarded as something unspeakably dreadful in its day. The monitors that performed it are now being put in shape at League Island, near Philadelphia, to assist the new monitors in making Spain's fleet disappear. There are six big turreted monitors in the American navy, any one of which naval experts declare able to give a terrible battle to any two of Spain's warships. Many naval officers have more faith in these than in any other defense that the United States has.

Dieting Invites Disease.

To cure dyspepsia or indigestion it is no longer necessary to live on milk and toast. Starvation produces such weakness that the whole system becomes an easy prey to disease. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that one craves to eat, and is a never failing cure for indigestion, dyspepsia, and all stomach troubles. Kodol digests what you eat—makes the stomach sweet. Sold by all druggists.

Cleaner Transportation.

Some statistical losses are hailed with pleasure. New York city is glad to hear that it has only 65,086 horses and 3,326 stables, compared with 73,746 horses and 4,649 stables in 1896. Electricity and automobiles are responsible for the change, and it is an important one in the direction of cleaner streets.

DRIVING THEM OUT

DRIVE out the Malaria Germs—fortify the system against more serious diseases—by cleansing and strengthening the liver. If chills and fever, colds and influenza are allowed to continue in the body, they lead to serious complications such as enlarged liver, chronic malaria, constipation, kidney disease, bronchitis, pneumonia, catarrh, and even consumption.

Such symptoms as headache, nausea, pale skin, chilliness, fever, feeling of lassitude, sneezing, pains in the joints and along the spinal column, general weakness, disordered digestion, loss of appetite, all indicate a congested condition of the system, and a torpid liver. PLANTERS NUBIAN TEA starts the secretions—removes congestion—rouses the torpid liver—purifies the blood—drives out colds and disease germs from the system—and restores every organ to a normal condition. A remedy composed of roots and herbs, intended by nature for just such troubles. At your druggist's or mailed direct, postpaid. 25c. a package; 3 packages \$1.00. Sample and booklet free to any address. Spencer Medicine Co. Chattanooga, Tenn.

Tomorrow May Be Too Late.

How many times have you put off something, saying: "I'll do that tomorrow"? But when tomorrow came you again put it off and have kept on putting it off ever since. When asked why, you say "Oh, there's plenty of time yet." IS THERE? Just one example. A young man was taken ill and attended by a physician who left him some medicine to take at a certain hour. When the time arrived the young man, feeling better, said: "I don't need that now," and cast it aside. On the morrow a cramp on the door and the tear-stained faces of wife and little one told a story too sad to picture.
